

PRODUCT INFORMATION

Passenger Car and Light Commercial Vehicle Oils Gulf TEC Plus

Product Description:

Gulf TEC Plus 10W-40 is a high performance semi-synthetic passenger car motor oil designed to provide optimum performance in high-output, multi valve, turbocharged & supercharged gasoline and diesel engines of passenger cars, vans, SUVs and light trucks. The advanced additive technology incorporated in this oil enables it to exceed the stringent performance requirements of leading passenger car manufacturers' and global industry standards. **Gulf TEC Plus 10W-40** is designed to exceed the requirements of ACEA A3/B4 specification.

Features/Benefits:

Gulf TEC Plus 10W-40 has superior thermo-oxidative stability that minimizes deposits & sludge build-up and reduces oil thickening, thereby facilitating extended oil life and active cleaning agents provides engine cleanliness. Excellent antiwear technology minimizes engine wear and thereby reduces maintenance costs and superior dispersants provides excellent control over soot induced oil thickening and good low temperature fluidity assists in easy cold starts.

Recommended Applications:

Gulf TEC Plus 10W-40 is recommended for modern high performance, multi valve, turbocharged & supercharged engines of passenger cars, vans, SUVs & light trucks for arduous conditions such as city stop-and-go, high-speed and/or high load.

Gulf TEC Plus	SAE 10W-40	Product Code: 1240
Specifications:		
Meets: ACEA A3/B4 and VW 505.00 Approved by: API SL/CF, MB 229.1		
Typical Properties:		
Density @ 15°C, kg/m ³		872
Viscosity @ 100°C, mm ² /s		14.5
Flash Point, °C		200
Pour Point, °C		-33
