# Passenger Car and Light Commercial Vehicle Oils Gulf MAX Plus

### *Product Description:*

**Gulf MAX Plus 20W-50** is a new generation passenger car motor oil developed for the latest high performance passenger cars & light duty vehicles powered by gasoline and diesel engines. The advanced additive technology incorporated in **Gulf MAX Plus 20W-50** enables it to exceed the performance requirements of leading passenger car manufacturers' and global industry standards.

### *Features/Benefits:*

**Gulf MAX Plus 20W-50** has superior dispersants that provide excellent control over soot induced oil thickening and better thermo-oxidative stability minimise deposits & sludge build-up facilitating extended oil life. Active cleaning agents provide engine cleanliness and good antiwear technology minimises engine wear and thereby reduces maintenance costs and special rust inhibitors retard the formation of rust & corrosion in critical engine parts.

### *Recommended Applications:*

**Gulf MAX Plus 20W-50** is recommended for high performance, multi valve, turbocharged & supercharged gasoline and diesel powered passenger cars and light duty vehicles requiring ACEA A3/B3 & API SL/CF quality oils. **Gulf MAX Plus 20W-50** is recommended for all DaimlerChrysler vehicles which require MB 229.1 quality oils.

Gulf MAX Plus	SAE 20W-50	Product Code: 1350
<b>Specifications:</b>		
Meets: ACEA A3/B3 and VW 505.00 Approved by: API SL/CF, MB 229.1		
<b>Typical Properties:</b>		
Density @ 15°C, kg/m <sup>3</sup>		896
Viscosity @ 100°C, mm <sup>2</sup> /s		18.3
Flash Point, °C		200
Pour Point, °C		-24
