2-stroke Motorcycle Engine Oil Gulf Syntnac 2T

Product Description:

Gulf Syntnac 2T is a supreme performance synthetic lubricant specially developed for high output air cooled 2-stroke gasoline engines. Its unique formulation based on synthetic base fluids and advanced performance additives ensures excellent engine protection, cleanliness and low smoke even under extreme operating conditions. The product exceeds the latest international specifications of JASO FD, ISO-L-EGD & API TC and the requirements of leading global 2-stroke motorcycle/ scooter manufacturers.

Features/Benefits:

Gulf Syntnac 2T offers exceptional lubricity safeguards against piston scuffing and wear of engine components, the advanced formulation provides exceptional control against engine deposits, exhaust system blocking and extended engine life without power loss, and the specially selected synthetic base fluid reduces visible exhaust smoke. Low ash additive technology prevents pre-ignition and spark plug and easy miscibility with gasoline ensure stable homogeneous mixture even at low ambient temperatures.

Recommended Applications:

Gulf Syntnac 2T is recommended for high-powered 2-stroke motorcycles/ scooters operating under different conditions. Suitable for oil-injection and premix lubrication systems; follow manufacturer's recommendations for oil-fuel ratio. Suitable for high performance 2-stroke engines in all terrain vehicles, snow mobiles, lawn mowers and other variety of applications requiring oils of this quality and also recommended for applications specifying ISO-L-EGC/ JASO FC or lower category oils for superior performance.

Gulf Syntnac 2T	Product Code: 1900
Specifications:	
Meets: API TC, ISO 6743-15 EGD, JASO FD	

Typical Properties:	
Density @ 15°C, kg/m ³	863
Viscosity @ 100°C, mm ² /s	10.9
Flash Point, °C	>90
Pour Point, °C	-39
