2-stroke Motorcycle Engine Oil

Gulf Pride 2T Plus

Product Description:

Gulf Pride 2T Plus is a premium quality semi-synthetic lubricant specially developed for high powered 2-stroke air cooled gasoline engines fitted with oil-injection or premix systems. It is formulated from premium quality base stocks, synthetic base fluid and unique performance additives for exceptional engine protection, cleanliness and low smoke in 2-stroke motorcycle/ scooter engines even under severe operating conditions. The product exceeds the latest international specifications of JASO FD, ISO-L-EGD & API TC and the requirements of leading global 2-stroke motorcycle/ scooter manufacturers.

Features/Benefits:

Gulf Pride 2T Plus offers outstanding lubricity that protects against piston scuffing and premature wear of engine components and the advanced formulation provides excellent control against engine deposits, exhaust system blocking and extended engine life without power loss. The low ash additive technology prevents pre-ignition and spark plug fouling and specially selected synthetic base fluid reduces visible exhaust smoke and easy miscibility with gasoline ensures stable homogeneous mixture even at low ambient temperatures.

Recommended Applications:

Gulf Pride 2T Plus is recommended for high-powered 2-stroke motorcycles/ scooters operating under different conditions. Suitable for both oil-injection and premix lubrication systems; follow manufacturer's recommendations for oil to fuel ratio. Suitable for air cooled 2-stroke gasoline engines used in all terrain vehicles, lawn mowers and other applications requiring oils of this quality. Also recommended for applications specifying ISO-L-EGC/ JASO FC or lower category oils for superior performance.

Gulf Pride 2T Plus	Product Code: 1910
Specifications:	
Meets: API TC, ISO 6743-15 EGD	
Approved by JASO FD	

Typical Properties:	
Density @ 15°C, kg/m ³	861
Viscosity @ 100°C, mm ² /s	7.75
Flash Point, °C	>85
Pour Point, °C	-15
