2-stroke Motorcycle Engine Oil

Gulf Pride 2T

Product Description:

Gulf Pride 2T is a high quality lubricant suitable for use in air cooled 2-stroke gasoline engines deployed in a variety of applications. It is blended from high quality base stocks and fortified with carefully selected additives to provide engine protection and cleanliness in 2-stroke engines. The product meets the international specifications of API TC and JASO FB.

Features/Benefits:

Gulf Pride 2T offers excellent lubricity that protects against piston scuffing and premature wear of engine components and its proven additive technology controls engine and exhaust system deposits. Low ash formula prevents pre-ignition and spark plug fouling and easy miscibility with gasoline ensures stable homogeneous mixture even at low ambient temperatures.

Recommended Applications:

Gulf Pride 2T is recommended for 2-stroke motorcycles and scooters requiring API TC and JASO FB quality oil and suitable for both oil-injection and premix lubrication systems; follow manufacturer's recommendation for oil to fuel ratio and also recommended for 2-stroke engines in other applications requiring this quality oil.

Gulf Pride 2T	Product Code: 1940
Specifications:	
Meets: API TC, JASO FB	

Typical Properties:	
Density @ 15°C, kg/m ³	875
Viscosity @ 100°C, mm ² /s	9.15
Flash Point, °C	>78
Pour Point, °C	-9
