

PRODUCT INFORMATION

Automotive Gear Oils Gulf Gear MP

Product Description:

Gulf Gear MP is a high performance gear lubricant designed to provide excellent lubrication in a wide range of automotive transmissions, axles and final drives. **Gulf Gear MP** is formulated from high quality base stocks and balanced extreme pressure additives to protect gear components in applications where extreme pressures and shock loading are encountered. **Gulf Gear MP** offers effective protection against oxidation degradation and rust & corrosion.

Features/Benefits:

Excellent Extreme Pressure properties shields against wear under different operating conditions leading to enhanced equipment durability and lower maintenance costs. High oxidation stability minimises sludge and deposit formation facilitating longer component life. Effective rust and corrosion protection reduces wear and extends component life. Good low temperature fluidity reduces wear and enables easy start-up under low ambient temperatures. Good anti-foam properties ensure film strength for effective lubrication. Excellent seal compatibility helps minimise leakages and reduce chances of contamination.

Applications:

For heavy duty non-synchronized manual transmissions, axles and final drives where API GL-5 quality oils are specified. On-road passenger cars, light and heavy duty trucks, buses and vans and Off-highway equipment in construction, mining and agriculture. Other heavy-duty applications involving hypoid and other gears operating under severe conditions like high speed/shock load, high speed/low torque and/or low speed/high torque but not suitable for automatic transmissions.

Gulf Gear MP	SAE 80W-90 Product Code 2389	SAE 85W-140 Product Code 2314
PERFORMANCE SPECIFICATIONS		
API GL-5	MAN 342 Type M1	
US Army MIL-L-2105D	MB 235.0	
ZF TE-ML 05A/07A/16B,C,D/17B/19B		

TYPICAL PROPERTIES :		
Gulf Gear MP	SAE 80W-90	SAE 85W-140
Density @ 15°C, kg/m ³	894	901
Viscosity @ 100°C, mm ² /s	16.0	28.0
Flash Point, °C	>200	>200
Pour Point, °C	-27	-18
