

## PRODUCT INFORMATION

### Greases Gulf Crown EP Series

#### *Product Description:*

**Gulf Crown EP** (Extreme Pressure) are high quality multi purpose lithium-EP greases with highly refined base oils. The additives contains polymers to improve tackiness and water resistance and is free of lead or other heavy metals. **Gulf Crown EP** offers excellent EP properties and load carrying capacity, protection against corrosion and is exceptionally mechanically stable, thus ensuring longer life time for the lubricated parts and reduced maintenance costs. **Gulf Crown EP** can be pumped very easily and is water and oxidation resistant.

#### *Application:*

**Gulf Crown EP** is used for lubrication under adverse conditions like high pressure, high working temperatures, irregular shocks loads, wet and dirty conditions. **Gulf Crown EP** can be used for the lubrication of highly loaded bearings in industrial and agricultural machines, wheel bearings on trucks and trailers, and chassis and is specially suitable for use in tropical conditions.

Gulf Crown EP				
Consistency, ASTM D217	NLGI 00	NLGI 0	NLGI 2	NLGI 3
Product Code	5008	5009	5010	5011
SPECIFICATIONS:				
ISO 6743-9	L-XCBEB 00	L-XCBFB 0	L-XCCFB 2	L-XBCEB 3
DIN 51 502	GP00G-30	KP0G-30	KP2K-30	KP3K-20
PROPERTIES:				
Dropping Point, °C	160	160	180	180
Viscosity base oil @ 40°C/100°C, mm <sup>2</sup> /s	280/20	200/14	280/20	280/20
Penetration 60 strokes, ISO 2137, mm/10	400-430	355-385	265-295	265-295
Colour	Brown	Brown	Light brown	Light brown
Temperature range continuous operation, °C	-30 tot +100	-30 tot +110	-20 tot +130	-25 tot +130
