Greases

Gulf Crown Synth LC 2

Product Description:

Gulf Crown Synth LC 2 is an excellent quality, multi-purpose lithium complex grease, based on synthetic oils. **Gulf Crown Synth LC 2** contains anti-oxidants, corrosion inhibitors, extreme pressure and anti-wear additives. **Gulf Crown Synth LC 2** provides a very strong lubricating film and by carefully balancing the additives, good EP-properties have been obtained, thus giving the grease the best possible load carrying capacity and wear reduction properties. **Gulf Crown Synth LC 2** retains its consistency even during temporary peak temperatures of +220°C which can arise in wheel bearings under heavy breaking.

Gulf Crown Synth LC 2 has outstanding load carrying capacity, excellent oxidation stability, excellent rust protection and superior mechanical stability.

Application:

Gulf Crown Synth LC 2 is recommended for marine, automotive- and industrial applications.

Gulf Crown Synth LC 2	
Consistency, ASTM D217	NLGI 2
Product Code	5035
SPECIFICATIONS:	
ISO 6743-9	L-XDDIB2
DIN 51 502	KHCP2N-40
PROPERTIES:	
Colour	Light brown
Dropping Point, °C	>260
Viscosity base oil @ 40°C/100°C, mm ² /s	100/15
Penetration 60 strokes, ISO 2137, mm/10	265-295
Temperature range continuous operation, °C	-40 tot +150
