

PRODUCT INFORMATION

Greases Gulf Crown HT 2

Product Description:

Gulf Crown HT 2 is a bentone clay thickened lubricating grease based on mineral oil. **Gulf Crown HT 2** contains anti-oxidants, corrosion inhibitors, extreme pressure and anti-wear additives, has excellent load carrying capacity making it suitable for heavily loaded applications. **Gulf Crown HT 2** has good corrosion protection which is important in wet and corrosive environments.

Application:

Gulf Crown HT 2 is a high performance product suitable for high loaded applications in heavy industry has excellent load carrying capacity, very good mechanical stability and good corrosion protection.

Gulf Crown HT 2	
Consistency, ASTM D217	NLGI 2
Product Code	5070
SPECIFICATIONS:	
ISO 6743-9	L-XBDEB2
DIN 51 502	KP2N-20
PROPERTIES:	
Colour	Brown
Dropping Point, °C	None
Viscosity base oil @ 40°C/100°C, mm ² /s	475/32
Penetration 60 strokes, ISO 2137, mm/10	265-295
Temperature range continuous operation, °C	-20 tot +150
